

## **Cory Lake Health is Wealth Fair 2022**

### **Objective:**

Thank you event to recognize all their hard work and efforts they have done. I and along with my other students who are residents of Cory lake isles, would like to create a walk to thank the healthcare providers. As well a health fair for residents to come and learn about what healthcare workers do and to ask any medical questions.

### **The Goal:**

The goal is to collect at least 50 miles. We want to have as many mailers as many healthcare workers we have in the community.

### **Plan:**

I have discussed this with many physicians who live in Cory Lakes and they would be happy to participate and attend this event.

A team of cardiologists, anesthesiologists, dentists and other healthcare workers will have a workshop to educate children and adults about basic life support, dental hygiene, infectious diseases.

During this tough time of COVID-19 infection many healthcare workers have done a lot of sacrifices. I feel that doing this Health fair would not only be a great way to educate residents but a special way to thank our healthcare heroes!

Thank you!!

Bhuvi Raxwal and Tejas Raxwal
